## PROFESSIONAL SUMMARY

Front-End Developer with 6+ years of experience building scalable, responsive, and user-friendly web applications. Skilled in **HTML**, **CSS**, **JavaScript**, **React.js**, **Vue.js**, and **Drupal**, with a strong focus on UI/UX best practices, performance optimization, and cross-browser compatibility. Adept at collaborating with designers and back-end teams to deliver high-quality solutions that enhance user engagement and business growth.

## TECHNICAL SKILLS

**Front-End:** HTML5, CSS3, SASS, Tailwind CSS, JavaScript (ES6+), jQuery, Bootstrap, BootstrapVue, Material UI

**Frameworks & Libraries:** React.js, Vue.js, TypeScript, Laravel, ASP.NET

**CMS & Platforms:** Drupal, WordPress

**Development Tools:** Visual Studio Code, Git (GitHub, Bitbucket), Jira, Trello

**Design Tools:** Figma, Zeplin, Adobe XD, Photoshop, Illustrator

## PROFESSIONAL EXPERIENCE

### Front-End Developer

Hosting Nxtgen Inc. | Apr 2021 – Jun 2025

- Developed and optimized a Payment Monitoring System (PMS) for sportsbook sites, ensuring secure and reliable handling of deposit and withdrawal transactions for thousands of users.
- Implemented pixel-perfect, responsive, and interactive web pages from design mockups (Figma, Zeplin) using HTML, CSS, JavaScript, and modern frontend frameworks.
- Enhanced the FMBO back-office system (ASP.Net) by improving frontend UI, delivering new features, and resolving performance and usability issues.
- Built reusable UI components and libraries, reducing development time for new features by 20% and ensuring consistency across applications.
- Collaborated with cross-functional teams (designers, backend developers, QA) to deliver high-quality solutions in agile sprints.

- Conducted usability and performance testing, improving system load times by 25% and reducing user-reported issues.
- Optimized code for cross-browser compatibility and accessibility, increasing user satisfaction scores and engagement.

#### Front-End Developer

##### **I-Tech Global Business Solutions | 2019 – 2020**

- Translated wireframes and design mockups from Zeplin into fully responsive, mobile-first web pages compatible across all major devices and browsers.
- Developed and launched the GoHotels and Summit Hotels websites, ensuring high performance, scalability, and user-friendly navigation.
- Implemented frontend designs using HTML, CSS, and Laravel, seamlessly integrated into the Drupal CMS for dynamic content management.
- Enhanced UI/UX features, resulting in a 15% increase in mobile traffic conversion rates and improved overall user satisfaction.
- Maintained and optimized Drupal-based websites, ensuring 99% uptime, fast load times, and consistent functionality.

#### Jr. Front-End Developer

##### **Zigzag Media Inc. | 2018 – 2019**

- Developed and optimized interactive UI components, improving overall site usability and engagement.
- Update and upload books into Sitepoint website.
- Tested, debugged, and deployed features to meet functional and performance requirements.
- Assisted in implementing SEO best practices to improve search engine visibility and rankings.
